This is the second article in a series on configuring Intuit's QuickBooks for nonprofits. In the first article, I mentioned that the very first step in configuring QuickBooks is to have a QuickBooks implementation meeting. I recommended using a questionnaire to facilitate the meeting and act as a centerpiece.

Construction is the process of constructing a building or infrastructure. Construction differs from manufacturing in that manufacturing typically involves mass production of similar items without a designated purchaser, while construction typically takes place on location for a known client. Construction as an industry comprises six to nine percent of the gross domestic product of developed ...
