Economics Social Studies Georgia Performance Standards

Economics - Georgia Standards

Macroeconomics (from the Greek prefix makro-meaning "large" + economics) is a branch of economics dealing with the performance, structure, behavior, and decision-making of an economy as a whole. This includes regional, national, and global economies. Macroeconomists study aggregated indicators such as GDP, unemployment rates, national income, price indices, and the interrelations among the ...

MIA Curriculum. The curriculum of the MIA degree program is designed to provide students with qualitative and quantitative analytical skills and with the hands-on management skills required by leaders in the major fields of international affairs, combined with substantive knowledge of a policy concentration and demonstrated foreign language ability.

Master of International Affairs (MIA) < School of

New classical macroeconomics, sometimes simply called new classical economics, is a school of thought in macroeconomics that builds its analysis entirely on a neoclassical framework. Specifically, it emphasizes the importance of rigorous foundations based on microeconomics, especially rational expectations.. New classical macroeconomics strives to provide neoclassical microeconomic foundations ...
