\* Experience. The requirements for experience are generally based upon the Program & Project Manager's Qualifications. Experience may be time spent on the job in a program and project management-related job assignment, either in the private or public sector, which reflects the accumulation of knowledge, skills and abilities during years of progressively responsible work assignments.

1. Introduction. The current food system is a major driver of environmental pressures (Foley et al., 2005, Foley et al., 2011). The total environmental impact of food consumption depends on the 1) size of the human population, 2) the per capita consumption of food (eaten and wasted), and 3) the impact per kg (or kcal) of food produced, transport, distributed and ultimately disposed of.

To search for a resource listing in a different state, return to the state pages. Search Tip: So you don't have to scroll through pages of addresses on your state page, do this: With Windows, press Control, letter F, with Mac press Command, letter F, then type in your city, zip code, or other search criteria, such as esq. for an attorney. Try zip codes for other nearby towns.

Radio broadcasting in the United States has been used since the early 1920s to distribute news and entertainment to a national audience. It was the first electronic "mass medium" technology, and its introduction, along with the subsequent development of sound movies, ended the print monopoly of mass media. During radio's "Golden Age" it had a major cultural and financial impact on the country.
