Educational facilities professionals develop and sustain the physical environment of the institutions that they serve. In support of this work, APPA provides information, training, and research based on four core areas of competency.

APPA's Four Core Areas

Lisp (historically, LISP) is a family of computer programming languages with a long history and a distinctive, fully parenthesized prefix notation. Originally specified in 1958, Lisp is the second-oldest high-level programming language in widespread use today. Only Fortran is older, by one year. Lisp has changed since its early days, and many dialects have existed over its history.

The civil rights movement (also known as the African-American civil rights movement, American civil rights movement and other terms) in the United States was a decades-long movement with the goal of enforcing constitutional and legal rights for African Americans that other Americans already enjoyed. With roots starting in the Reconstruction era during the late 19th century, the movement ...
